WindowID: 411; NC_044067.1 (LG 20); 1099 SNPs

Genome browser track showing various genomic features and annotations. The track includes a scale bar at the top, followed by a series of tracks labeled with gene names and coordinates. The tracks are color-coded and contain various symbols and text, representing different types of genomic data. The track is organized into a grid of approximately 100 columns and 100 rows of SNPs.
